

HALE CE PRIMARY SCHOOL - Pupil premium strategy statement 2018-2019

Impact and lessons learned.

- High quality teaching and learning with effective adult pupil ratios.
- Improving attendance rates and more robust liaison with Attendance and Behaviour Service.
- CPD opportunities for school staff
- High quality interventions both commercial and bespoke delivered by both teaching and support staff.

The inspection dashboard for 2017/18 indicates no weaknesses for disadvantaged pupils. Across the school the majority of pupils for whom pupil premium is allocated (disadvantaged pupils) are making progress similar to that of other pupils in the school who are non-disadvantaged. As a result of good support the progress and attainment of these pupils reflects their abilities. There are only small numbers of FSM children in each cohort so the data is variable which makes it difficult to draw conclusions about individual years or classes. A detailed report is given to governors at the Curriculum Committee. That level of detail is not shared here because it would be possible to identify individuals from it. We are careful to ensure that all year groups benefit from support funded by pupil premium. We track pupil premium children separately and discuss them at termly pupil progress meetings. Similarly, interventions are monitored carefully and analysed for impact. A number of the children supported by pupil premium are high attaining. These are being challenged in class as the extra capacity has allowed us to have a good pupil/adult ratio across the school. We also use ICT such as ipads and other software to support this.

Attendance

- Attendance for disadvantaged pupils in 2017-18 was 94.3%
- Attendance for non-disadvantaged pupils was 96.4%
- Attendance overall was 95.6%

We continue to take the following actions in line with our policy on absence during term time:

- We issue regular reminder letters about below expected attendance
- We don't authorise family holidays and we refer to the LA for a penalty notice
- We issue letters where children are rumoured to be on holiday, but are reported as sick
- We ask for medical evidence for absences at the start of term or where siblings are off at the same time.
- We run spot on weeks for full attendance and punctuality
- We use the Halton Borough Council Attendance and Behaviour Service to advise and support

4. Desired outcomes		
	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>

6. Review of expenditure

This is a review of the previous year, so the outcomes and success criteria will be different to above.

Previous Academic Year

Show whether the success criteria were met. Additional evidence of impact can also be referred to, including attainment data, progress data, and case studies.

i. Quality of teaching for all

Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.	Lessons learned (and whether you will continue with this approach)	Cost

Lessons learned may be about impact or implementation. For approaches which did not meet their success criteria, it is important to assess whether you will continue allocating funding and if so, why.

ii. Targeted support

Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.	Lessons learned (and whether you will continue with this approach)	Cost

iii. Other approaches

Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.	Lessons learned (and whether you will continue with this approach)	Cost
