

## Monday – RE

Learning Objective: I can say whether 'light' is a good metaphor for Jesus.

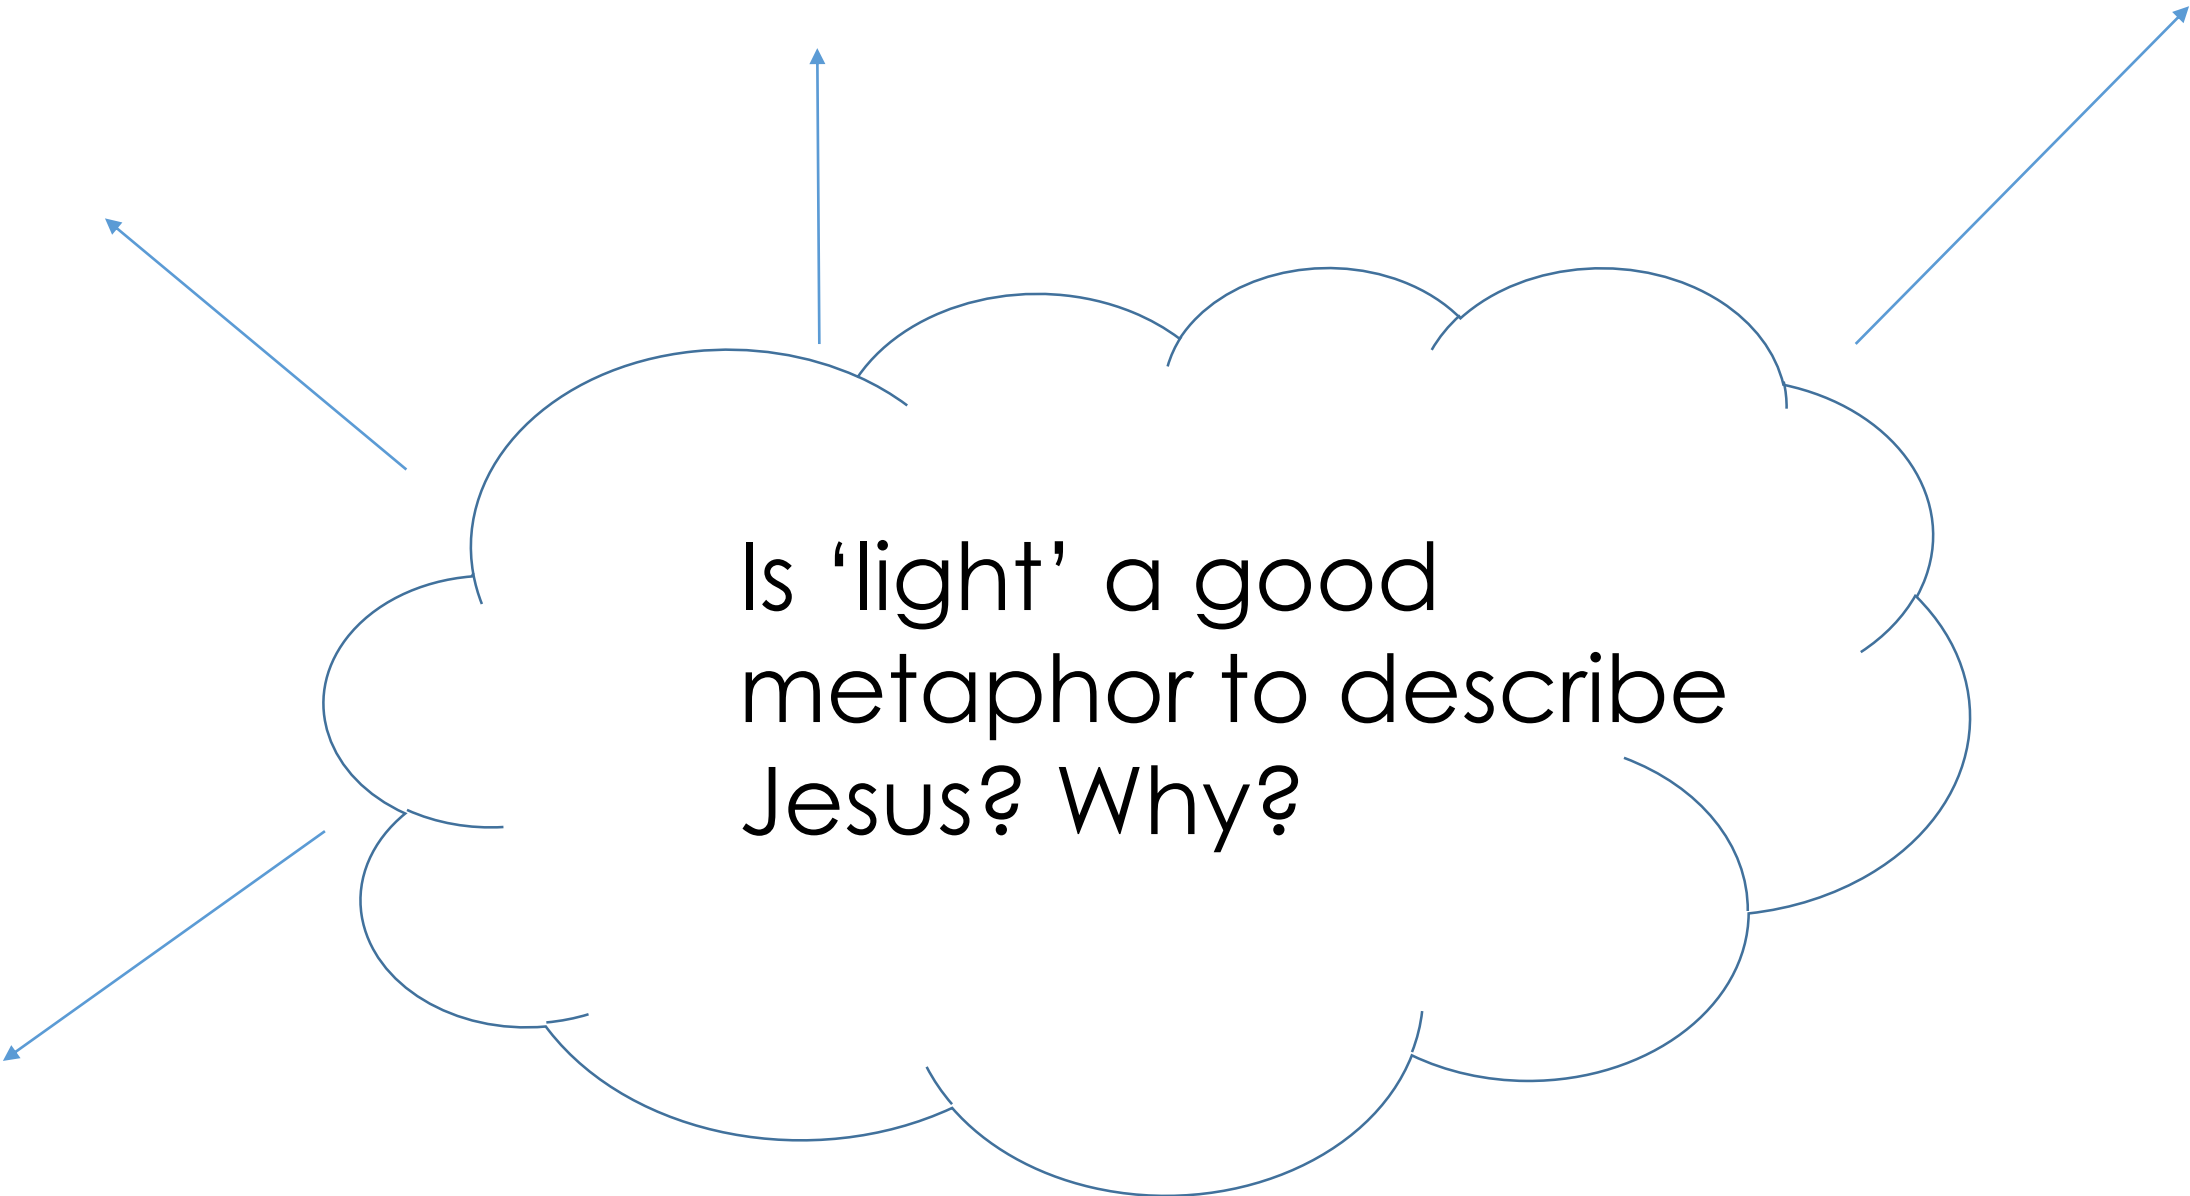

Last Week, we discussed how we can bring light into the lives of others. Can you name individuals who bring light into your life?

Individuals who bring light into our lives are...

# Friday - History

## Viking Longships

### Appearance

The front end of the ship would have a carved figure head to scare off enemies and be intimidating.

### Speed

They were long and narrow for travelling quickly through the water. This was important for surprise attacks and speedy getaways.

### Room

A typical longship would have enough room to fit around 50 - 60 people inside. Eating and sleeping were done on deck.

### Protection

The Viking men's shields were tied over the oar holes to protect both men and women during battles.

### Power

The ships were powered by wind in a wool sail or manpower by rowing with oars if there wasn't any wind available.

### Steering

One man would steer the ship by using a big steering oar at the back (stern) of the ship.

# Viking Longship Comprehension

Answer these questions in full sentences with capital letters and full stops.

1. What features of the longship made it travel fast?

---

---
